

Memminger LLP further expands with Counsel from Shearman & Sterling LLP

In September Ulrich Weidemann joins the law firm Memminger LLP as a counsel.

Prior to joining Memminger LLP, Ulrich Weidemann (42) worked in the Frankfurt office of the US law firm Shearman & Sterling LLP. From 2004 to 2013, he was a lawyer at Freshfields Bruckhaus Deringer LLP in Frankfurt and New York. His practice is focused on the fields of corporate, capital markets and finance law. In particular, he advised clients on initial public offerings, capital increases, issuances of bonds and financing transactions. In addition, he supported clients in regulatory issues and capital market litigation.

Memminger LLP is a leading German corporate boutique. The company was founded at the beginning of this year by partners and lawyers of renowned international law firms. The initiator is the former Milbank partner and M&A and private equity expert Dr. Peter Memminger (44), who built up the corporate department of Milbank, Tweed, Hadley & McCloy LLP in Frankfurt and managed it until the end of 2016. Memminger LLP recently attracted the leading IT and media lawyer Prof. Dr. Wolfgang G. Büchner (63), who manages and further expands the future-oriented practice group "Digital Business".

The engagement of Ulrich Weidemann marks another milestone in the expansion of the practice of Memminger LLP. Ulrich Weidemann will primarily be active at the interface to private equity and M&A transactions and will advise family offices, companies and funds especially in corporate finance. In addition, he will support clients in capital market law, regulatory issues and capital markets litigation. Memminger LLP so completes the existing range of advisory services and intends to further lift cross-selling potentials – in particular, at capital-seeking growth and technology companies.
